V. Conclusion

Redacted Material Not Subject to Review Per
Court's 7/23/2020 Minute Order

Section 211(o)(9)(B) of the CAA and 40 CFR 80.1441(e)(2) allow EPA to grant an extension of a small refinery's exemption based on a demonstration by the small refinery of a "disproportionate economic hardship" from compliance with the RFS requirements. Based on our analysis of all of the available information about CSF, and our consultation with DOE, EPA has concluded that CSF will experience "disproportionate economic hardship" in complying with the RFS requirements. Therefore, EPA is granting CSFC's request for a temporary extension of CSF's small refinery hardship exemption for 2015.
